SPECIAL NOTE
—
OXYGENATED BUT

Mr. Bird moved, seconded by Mr. Jones, that the committee on roads retire.

A proposition was made by J. Hoffman, that the road be laid out Nos. 12 and 15 should be sold, and that the proceeds thereof be granted to Thomas and William Ketchum.

It is evident his memory is defective, and his information contradictory, as he says there were no other applicants for the money but the Episcopal Methodist College, and that Bird is personally liable for the debt on that institution. Such false assertions are only

While driving a diabolical attempt to escape, the train was delayed. As the train was nearing Westmain Station, the engineer deserted some of the passengers and fled to the engine and clocked speed, and on reaching the spot found several large logs carefully placed across the tracks, and the train stalled on the rails. The place chosen for this diabolical attempt was on an embankment, and the train was thus exposed to loss of life and property must have ensued.

Perry Dand's Vegetable Pain Relief is decidedly the most popular medicine known; no other remedy has been so successful in relieving all kinds of pains, and it is so simple and so safe, it has often effected a speedy and complete cure. Sold by druggists generally.

Dr. W. We lately read of a "simple remedy for a cough"—but try Bryana's Plimpine Walers; this always effects a cure; if you have a cough, or a cold, or a headache; or if you want to be had of all Druggists.

None except those who have suffered all the miseries of dyspepsia in its various forms, can appreciate a medicine that will cure this disease. And we would for remedy, we say to the Dyspeptic Bitter.

A SAD FATE.—The Rev. Mr. George Metcalfe, who has been a minister of the Presbyterian Church in this city, and was formerly a resident of Katsville, has been committed to jail for having forged a certificate of losses from the Farmers' and Merchants' Mutual Insurance Company. The forgery was proved by the testimony of Messrs. Winslow & P. A. Doubt, however, exists as to the sanity of the defendant, though the trial attracted considerable interest, and the result was that of one entirely bereft of reason.—*Spokane*.

THE GREATEST

Medical Discovery
OF THE AGE!
MR. KENNEDY, OF ROXBURY,
HAS DISCOVERED in one of our common
household weeds a remedy that cures
every kind of Venor, from the *syphilis*
to the common Pimple.
He has tried it in over eleven hundred cases,
and never failed except in two cases, both
under duress. He has now in possession
of the secret, and he knows its value, all
within twenty miles of Boston.
Two bottles are warranted to cure a nurse-
maid's mouth.
One or three bottles will cure the worst

Two or three bottles will clear the system

Two bottles are warranted to cure the
 worst canker in the mouth or stomach.
 Three to five bottles are warranted to cure
 the worst case of erysipelas.
 One to two bottles are warranted to cure
 humor in the eyes.
 Two bottles are warranted to cure gonorrhea.

the care are blotches among the hair.
Four or six bottles are warranted to cure
erupt and running ulcers.
One bottle will cure scaly eruptions of the
skin.
Two or three bottles are warranted to cure
the worst case of ringworm.
Two or three bottles are warranted to cure
the most desperate case of rheumatism.
Three or four bottles are warranted to
cure salt rheum.
Five or eight bottles will cure the worst
case of scrofula.
A benefit is always experienced from the
first bottle, and a perfect cure is warranted
when the medicine is used as directed.

Nothing looks so improbable, to those who have been vain tried all the wonderful medicines of the day, as that a common weed growing in the pastures and along old stone walls, should cure every humor in the system; yet it is a fixed fact. If you have a humor, it has to start. There are no ifs nor ands, humors nor laws, about it, suiting some cases, but not yours. I peddled over a thousand bottles of it in the vicinity of Boston. I knew the effects of it in every case. It has already done some of the greatest cures ever done in Massachusetts. I gave it to children a year old, to people of sixty. I have seen poor putty, worm-looking children, whose flesh was

To those who are subject to a sick headache one bottle will always cure it. It gives great relief in catarrh and dizziness. Some who have taken it have been constive for years, and have been regulated by it. Where the body is sound it works quite easy, but where there is any derangement of the functions of nature it will cause very singular feelings, but you must not be alarmed, they always disappear from four days to a week. There is never a bad result from it; on the contrary, when that feeling is gone, you will feel yourself like a new person. I heard some of the most catarrhical and un-

that even when listened to.

THAT all bald and Grey can be restored, perfectly to original growth and color so far as their locks are concerned does not admit of doubt; besides it will cure every possible disease of the scalp, whether developed as dandruff, itching or in the shape of cutaneous eruptions—even scald-head—and in no possible case will it fail of curing as if by magic, nervous or periodical headache, and if used twice a week by the young regularly, it will preserve the color and keep the hair from falling, to any imaginable age. can sell them. It has worked miracles in this place.

it fetched new hair out all over his head.

PROFESSOR WOOD—

DEAR SIR: I take pleasure in bearing volun-
tary testimony of the excellence of your Hair
Restorative. Three months ago my hair was
very grey. It is now a dark brown, (the original
color) smooth and glossy. The only applica-
tion I have made of it has been the Hair Re-
storative prepared by you, and which from

PROF. O. J. WOOD: As you are about to make
unfature and read your recently discovered
Hair Restorer, I will state for whomsoever it
many comest that I have used it, and know
others to use it—that I have for several years
been in the habit of using other Hair Restor-
atives and that I find yours vastly superior to
any other I know. It entirely cleanses the
head of dandruff, and with one month's proper
use, will restore any persons hair to the original
youthful color and texture, and giving it a heal-
thy, soft and glossy appearance; and all this
without discoloring the hands that apply it, or

the dress of which it drops. I would therefore recommend its use to every one desirous of having fine color and texture to the hair.

Respectfully yours, WILSON KING.

St Louis, June 29, 1883.

PROF. WOOD: As you are about to prepare and vend your recently discovered Hair Restorative, and as you request my opinion on it, I will state, that my hair was, a few months ago, very grey; and after using two bottles of your Hair Restorative it resumed its original color; and since its application all dandruff has disappeared from my head, and I have been troubled with no disagreeable itching of the scalp. I am satisfied that those who use it, will not regret it, as it gives the appearance of having

PROF. WOOD—Dear Sir:—My hair had, for several years, been becoming prematurely gray, accomplished by a hardiness which rendered the constant application of oil necessary in dressing it. When I commenced using your preparation about two months ago, it was in that condition; and having continued its use till within the last three weeks, it has turned to its natural color and assumed a softness and lustre greatly preferred to those produced by the application of oil or any other application I have ever used. I regard it as an indispensable article for every ladies' toilet, whether to be

and as a Hair Restorative or for the simple purpose of dressing or beautifying the hair. You have my permission to refer to me all who entertain any doubts of its performing all that is claimed for it. MRS. C. SYMONDS, Cincinnati, O. Feb. 10, 1868. 114 Third st.

Waterloo, Mass. May 1, 1864.

PROF. O. J. WOOD: Allow me to attest the virtues and magic powers of your Hair Restorative. Three months since being exceedingly gray, I purchased and soon commenced to use two bottles; and it soon began to tell in restoring the silver locks to their native color, and the hair which was before dry and harsh and falling off, now became soft and glossy, and it ceased falling; the dandruff disappeared, and
